B.Tech in Artificial Intelligence and Data Science

AISSMS Institute of Information Technology, Pune

CGPA 7.93

2023 – 2027

SKILLS

Languages: Python, SQL

AI/ML: Machine Learning, NLP, Deep Learning, Generative AI, RAG

Frameworks: FastAPI, Next.js

Libraries: Scikit-learn, Transformers, NLTK, Pandas, NumPy

Tools: Pinecone, MySQL, Git

Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, REST APIs, Model Deployment

PROJECTS

KRONOS – MLOps Stock Forecasting Terminal || [Link](#)

Prophet, FastAPI, React, GitHub Actions, HuggingFace, MLflow, Docker, DagsHub

- Built end-to-end MLOps pipeline automating daily retraining of 10 Facebook Prophet time-series models for NSE blue-chip stocks via **GitHub Actions CI/CD** with zero manual intervention
- Implemented two-layer statistical drift detection combining Kolmogorov-Smirnov test on log-return distributions and residual t-test, gating retraining only when both layers fire simultaneously coherence
- Deployed FastAPI backend on Render with Docker serving Prophet forecasts with 95% confidence intervals, integrating HuggingFace Hub as versioned model registry and MLflow on DagsHub for experiment tracking

IMAGINE – AI Image Generation Platform || [Link](#)

FastAPI, Python, GenAI APIs, Next.js

- Built backend system integrating multiple AI models for scalable text-to-image generation
- Designed prompt engineering pipeline to improve output quality and visual coherence
- Developed full-stack application enabling users to generate cinematic visuals from raw text input

LEGALMIND – AI-Powered Legal Contract Analyzer || [Link](#)

RAG, FastAPI, Next.js, Pinecone, Transformers, Gemini, GPT

- Built a RAG-based system for contract analysis using Pinecone vector DB and LLMs for contextual retrieval
- Developed NLP pipeline combining NLTK and LLM reasoning to detect legal risks (liability, termination clauses)
- Integrated LLM APIs (Gemini, GPT) to generate real-time risk scores and mitigation suggestions

ACHIEVEMENTS

- Top 9 Percentile in JEE (Joint Entrance Examination)
- Participated in TechFest, PICT Pune
